Key Takeaways

- Fees are 10-12% on a typical US sale without Offsite Ads.** The fixed \$0.20 listing fee and \$0.25 processing fee hit hardest on low-priced items.
- Offsite Ads add 12-15% on top of all other fees.** Check Shop Manager > Marketing > Offsite Ads. If you earn under \$10K/year, you can opt out.
- Transaction fee applies to shipping.** If you charge \$5 shipping on a \$25 item, the 6.5% fee applies to \$30 — not \$25.
- These are fees only — not profit.** True profit requires subtracting COGS (materials, labor, packaging) from the net-after-fees figure.
